LOCAL AND PERSONAL

We displace our usual front page community feature article this week to make room for a paid advertisement from the Retail Merchants' Association, not because we expect to discontinue our practice of refusing front-page space to display advertising, but because it is so much in line with what we have been trying to say there and is so much more forceful because backed up by an organization of business men. Read it; and take its statements to heart. Just to the extent we all heed its preachments will our town grow and prosper; just to the extent we forget or ignore it will our town decay and eventually die. These are facts and there is no escaping the logic of facts.

Mrs. George L. McCollum of San Antonio spend the week with her mother, Mrs. R. L. Haass, at Biry, while her husband, Staff Sergeant McCollum, and Lieutenants and several cadets flew from Kelly Field to Galveston then to Shreveport, La., Fort Sill, Oklahoma, El Paso, then to Hondo where he landed and met his wife and returned with her to San Antonio Friday evening.

LIONS HAVE CHANCE OF THEIR LIFE.

If people of Hondo ever needed anything as bad as they do an orchestra, choral and glee clubs, etc., nobody ever heard of it, did they? The Hondo Lions Club has a chance to promote music in Hondo. Mr. Armstrong of San Antonio presented a mighty good proposition to the club on Monday, September 30. Mr. Armstrong has sung in grand opera and is a graduate of a university in Germany. He has had more than thirty years of experience in the music field. On account of the flu he had to give up opera singing, so he is giving his time to the public as a teacher and leader in music. The Lions have a chance to get him here if they work but they have to hurry for a man like Mr. Armstrong cannot be gotten any time or anywhere. To get him, the Lions will have to have the co-operation of everyone in the community for it will be a help to all. Let's get busy and have some real music in our town. Is there anything that can draw attention better than music? Not on this earth? Come on, everybody, and help get Mr. Armstrong. If anyone asks you about it, be willing to give for it means more than a few dollars to everybody.

President Dillon was a little disappointed with the number of Lions who promised to go with the motorcade to El Paso. Everyone was for it, but no one seems to want to sacrifice their time like our President has. What good will the community receive from anyone if they are for a thing and then won't act when the time comes? Humanity receives good only through sacrifice. Lions, let's work and don't just eat.

NOMINATIONS FOR DUCHESS OF HONDO.

The contest to select a duchess and two maids to represent Hondo in the Medina County Fair Parade and Cornation, will open Saturday, October 5. Voting boxes will be placed at the following places: W. H. Windrow Fly Drug Company, Hutzler's Confectionery and Carle's Confectionery. Votes will sell for one cent each.

Vote for your favorite and help the Hondo ladies to decorate a float that will be a credit to Hondo, as the proceeds of the contest are to be used to defray expenses of the float.

The young lady receiving the highest number of votes will be the duchess and the two young ladies receiving the next highest number of votes will be maids. Announcements of the contest will be posted each afternoon at the Chamber of Commerce Hall.

The contest will close Saturday, October 26, at 10:00 p. m.

The following young ladies are the nominees in the contest: Janice Holloway, Anne Davis, Ina King, Raymona Bailey, Hilda Bohmfalk, Lucile Boon, Ella Britsch, Annie Leah Brucks, Elsie Buss, Mary Crouch, Clara Decker, Adele Decker, Jerry Fusselman, Hedwig Leinweber, Alice Leinweber, Cecile Garteiser, Dorothy Grube, Ora Harlee, Irene Haass, Elta Leinweber, Alice Miller, Dorothy Mofield, Regina Nester, Esther Saathoff, Elizabeth Wilson, Irene Schweers, Jonell Rothe, Janet Kimmey, Frances Finger, Mary Clements, Dorothy Ulbrich, Mary Ruth Cameron, Mildred Roberts, Josie Lebold, Gertrude Sauter, Christina Taylor, Leora Horger, Frances Neuman.

TEXAS AND TEXANS

TEXAS AND TEXANS.

By Will H. Mayes

Texas Business Grows

Although some Texas railroads may not be doing so well as before the introduction of busses and trucks there is no occasion to sympathize with the railroad business as a whole. Statistics show that they are receiving about 23 per cent greater operating income in Texas this year than last year, which is a good showing for the business.

Texas are glad to see the railroads prosper, for it indicates corresponding prosperity for the people of the State. Transportation is a pretty fair index to the conditions of a country.

Another Line Proposed

The proposal to build a line of railroad from Roswell, New Mexico, in a southeastern direction through Texas is attracting much attention in the territory under consideration. Uvalde and Sabin are among the towns that are already offering terminal facilities for the Texas part of the road and doubtless there will be others. The development of West Texas justifies the railroads in extending their lines into that section.

Tourist Camp Industry

The secretary of the Texas Camp Owners' Association says that the "tourist camp industry is the fastest growing enterprise in the country." That may or may not be correct, but certainly there has been great development in the industry in the last year or two. Not only are many camps being constructed, but they are being provided with better facilities for entertaining tourists. Some of them are as good as the hotels in the same places, and some are said to be even better.

Among the places that have recently completed excellently built and fully equipped camps are Midland, Mineral Wells, Waco, Lubbock, Kent, Abilene, Colorado, Big Spring and pecos.

Texas Road Building

Texas lead the country in road building last year and will lead it again this year. The Texas mileage of improved road construction for 1928 was 2,365. Kansas was second with 1,783 miles and Arkansas third with 1,345 miles.

While Texas is not building permanent highways fast enough to suit some of its people, good roads are being constructed about as fast as they can be built economically. Texas is such a huge State and the road building has to be scattered over such a large area that the many people think but little is being done. However, about \$40,000,000 is being spent annually for road building.

Point Isabel Harbor

The United States Army Engineers having given approval to the Point Isabel port project, the \$500,000 bonds voted for the Port Isabel-San Benito Navigation District will be issued to enable the district to meet the Government requirements. The engineers' report favors a turning basin near Point Isabel and recommends an appropriation of \$1,000,000 for dredging and constructing the channel. The Brownsville Navigation District will be given the right to connect its \$2,000,000 project with this channel. Thus, Texas develops.

Cactus-Destroying Insects

Australia is trying to find an insect that will help in destroying the vast growth of cactus in parts of that country. The government of this country is spending around \$35,000 a year around Uvalde, Texas, where is has a station experimenting with the "cactablaustus" insect and shipping it to Australia. Some of the insects are proving effective, but difficulty has been found in getting them acclimated. Clearing ground of cactus growth is a problem in that part of Texas that is its natural habitat.

Milk Plant Project

The Southwest Dairy Products Company has bought 55 acres of

BUSY WITH MOTORCADE PLANS.

Mr. Joe Dillon made a flying trip to Del Rio last Monday on matters pertaining to the motorcade which is to travel from San Antonio over Highway No. 90 to El Paso from October 21 to 26 inclusive.

Mr. Dillon reports considerable enthusiasm over the trip in counties west, and in order to have Medina County creditably represented would welcome any others from any part of the county who can enter their cars for the trip—no car will be barred; it is not exclusive to Chevrolets.

While in Del Rio Monday, Mr. Dillon went over some of the plans for advertising Highway No. 90. An attractive folder, containing an accurate road map of the highway, will be issued and circulated among tour-

land near Sulphur Springs for a \$75,000 milk plant. Five acres of the land will be used for the plant buildings and the remainder of the land for a dairy demonstration farm. Butter, ice cream and condensed milk will be made and farmers will be shown how to obtain the best results from their dairy herds. The demonstration farm feature is rather a new idea, but one that should be generally adopted.

Georgetown Wants Cheese Plant

Round Rock has awakened all the surrounding towns to the value of milk products plants and dairy farming. Williamson county has as rich lands as can be found anywhere, and they are proving too valuable for single-crop cotton production. Round Rock, with its cheese factory, proved this so conclusively that Taylor, close by, has contracted for a big milk plant, and now Georgetown and Austin are at work to get factories for manufacturing milk products.

Jumbo Pecan Tree

Although it sounds like a Munchausen tale, San Saba citizens will vouch for the fact that the Jumbo Hollis pecan tree in San Saba county has a record of 1,035 pounds of pecans at one bearing. It is estimated that 5,000,000 buds of choice varieties of pecan buds have been shipped from the county to other sections for pecan propagation. More than 100,000 buds have been shipped to California this season.

San Marcos Pleasure Grounds

The Southwest Texas State Teachers' College at San Marcos has leased 15 acres of land adjoining its recreational playgrounds where tennis and volley ball courts will be placed. The school already has an attractive river bathing pools as can be found in the South. The college is but keeping pace with the rest of San Marcos in the effort to create an attractive atmosphere for its students.

Fall Flower Show

There are differences of opinion as to whether the spring flowers or fall flowers of Texas are prettiest. If the decision is in favor of the spring flowers, it is probably because we have been largely without flowers in the winter months and we welcome their return. The spring flower shows were so successful that in many places fall shows are being held. Many of the community and county fairs are offering prizes for the best exhibitions of flowers, and the floral exhibits are doing much to spread an increasing love for the beautiful.

Handing Them Lemons

Raymondville appears to have gotten the lead in shipments of citrus fruits for the season from the Rio Grande Valley, having sent 100 bushels of lemons to Houston last week. Reports are that the fruits this year are "better than ever" in the Valley and that the grapefruit and oranges are the "sweetest and juiciest" that grow.

Something For Cobb

Ever since W. M. Cobb retired from the newspaper business the people of Milam county have been trying to find something for him to do, and now the problem has been solved by the Cameron Chamber of Commerce making him manager of the fall poultry show. He has already started an active publicity campaign and it is safe to say the people will learn more about chickens than they ever suspected needed to be made known.

Llano's Celebrations

Llano had two worth-while celebrations in one week; the opening of the new hotel, for which the town has been eager so long, and the 42nd birthday of W. B. Collin & Son's Llano News. Perhaps they might have overlooked the newspaper birthday if the publishers hadn't issued that splendid 36 page edition, but that made them sit up and take notice of the fact that a good newspaper like the News is even a better asset for a town than a new hotel. A good newspaper grows better with age; a hotel seldom does.

ists. In addition to this a number of 30 x 20 feet road signs, featuring a log of the highway, will be placed on highways converging in San Antonio from east and in El Paso from the west. These signs should have the effect of directing a great deal of travel along Highway No. 90, the Border Way.

TO THE PEOPLE OF HONDO AND TRADE TERRITORY:

Do you know that the progress of any community is made thru the profits of business? Good Schools, Better Stores, Banks, Churches, Homes, Parks, Hotels, etc. and better service institutions of all kinds must come from the profits of business. If business then in such a mighty factor in community development, it is not only up to the merchant to improve his business, but up to the Townspeople and those around the town to co-operate in the fullest measure with the progressive Merchants, Dealers and Professional Men as well as all other business interests of whatever nature in that town.

We have a fine community and good people. We are all like one large family. What affects one affects all. Our interests are identical. We are here to serve each other and serve well. The business interests of Hondo are all fine and are representative of all that's good in the various lines and are ready and anxious to serve you in the best way possible.

Hondo is a good place in which to live, to trade and to visit. We are continually striving to make it a better place in which to get the most out of life.

You owe it to your town to support its business and professional men and when you spend your money elsewhere, you are robbing your town of that which justly belongs to it—and not only that—you are helping to establish a condition that will in time surely sap the life blood of the town, decrease property valuations and retard the operation of Schools and every other institution supported by the Public.

WEATHER REPORT.

Hondo, Texas, for September 1929.
Total rainfall, 2.13 inches. Since January 1, 21.07 inches. Temperature, highest 103 on 5th; lowest 60 on 19th, 20th 23rd and 24th. Three rainy days, 20 clear, eight part cloudy and three cloudy.

H. E. HAASS,
Special Observer.

QUIHI NOTES.

"He that is slow to anger is better than the mighty; and he that ruleth his spirit than he that taketh a city." Prov. 16, 23.

Sunday school and Bible class being at 9:30 a. m. in Bethlehem Lutheran church. All are cordially invited to this Sunday school.

Both German and English divine services will be held in Bethlehem Lutheran church Sunday. At 10:30 o'clock a. m. the service will be in the German tongue and at 7:30 p. m. in the English language. Please bring your English hymnbooks to the night service. A cordial invitation is extended to all to come to all services in this church.

The following Luther Leaguers will participate in the League program to be rendered in Bethlehem Lutheran church on the Sunday night of October 20: declamation by Miss Elsie Folk; select readings by Messrs. Oscar Grell, Milton Balzen and Clarence Daily and Mrs. Albert Mumme. Musical numbers are scheduled to be given by the Quibi Church Choir, Misses Hulda Oefinger, Alma Saathoff, by the Quibi Male chorus led by Mr. Alfred Boehle and an instrumental selection by Mrs. Henry Schuehle; the pastor will give a lecture on the Deluge.

Last Thursday Judge and Mrs. Henry Lagin, Mrs. Herman Stuermer and Mrs. George Treude of Nordheim were welcome visitors at the Quibi parsonage. All in the party were

dear old friends of Rev. and Mrs. Hasskari. Their intention was to surprise the pastor and his wife. The surprise was successful and genuine, but as Mrs. Hasskari was away with her children at Brenham the shock of the surprise had to be borne by Rev. Hasskari alone. In spite of this the day was full of joy and pleasure for all, especially since the ladies of the party—like experienced tourists and campers—had brought along a large and choice assortment of excellent eats which they, in the absence of Mrs. Hasskari, quickly prepared in the kitchen and served for dinner and later in the day for luncheon. Toward night-fall all returned again to Nordheim.

B. Y. P. U.'S ORGANIZED.
Two new B. Y. P. U.'s were organized at the Baptist church last Sunday. A junior union was formed under the leadership of Mrs. Nelson, and a primary union will work under the direction of Mrs. Mallett.

The juniors elected officers for the coming quarter at their meeting. Those serving are Billie Fusselman, president; Edna Mallett, vice president; Neville Holly, secretary-treasurer; Frankie Pettis and Virginia Fusselman, group captains.

It is no man's right—to interfere with another's rightful exercise of his own rights. To do so is to be guilty of an act of moral turpitude. It is the function of civil law to punish one guilty of so doing. When it goes beyond that and infringes upon man's natural rights by making statutory crimes of acts not morally wrong, the law becomes a crime in itself.

USED CARS

Our policy in selling
used cars is just what
you would hope

WHEN you buy a car which has passed from the hands of its first owner, you would like to be sure of two things. First—you want to know, of course, that the used car you buy has a generous amount of unused mileage in it. Second—you hope you are not being charged for an excessive trade-in allowance which the dealer may have made in order to sell a new car. In short, that you are paying just what the used car is worth.

The Ford dealer's policy in selling used cars is exactly what you would hope to find. For instance, when we sell a Model T Ford which has been traded in for a Model A, that used car has been thoroughly and carefully reconditioned. With it goes a guarantee. When we sell used cars of other

makes (and we have many kinds traded in for Model A Fords) we tell you frankly what you may expect, and the price is based on the amount of mileage we think you'll get from that car.

Regarding the price of the used cars we offer, you can be certain there has been no inflation to care for excessive trade-in allowances. The new Ford car is priced right—so close to the cost of production and selling that there is no margin, or leeway, for unreasonable trade-in concessions.

For these reasons it is worth your while to come to us when you are thinking of buying a used car. Nearly always we have a generous selection. Come in today and look over the following bargains in unused mileage:

11 a. m. Yo Yo Contest. Prizes for children under 16 years.
1:30 p. m. Racing, fast horses.
4 p. m. Football, Dilley vs. Lytle.
8:30 p. m. Dancing. Music by Sun Dodgers Orchestra.
9:30 p. m. Chevrolet Given away free.
Three days of fast horse racing, four football games, queen's coronation and ball, four nights of dancing, fireworks, noted speakers, free barbecue, a 25 car carnival company, is only a part of the program for the 12th Annual Winter Garden Fair at Pearsall, October 9th thru the 12th. The fastest horses on the circuit are scheduled to be on hand for the three racing programs for large purses offered by the Winter Garden Fair. The track is in tip-top shape and the race men say it is the best in South Texas. The races start at 1:30 p. m., October 10, 11, and 12, with four races on each day.
Four football games will be played during the fair, one each day and the games being at 4 p. m. right after the races. Here is the schedule: Devine vs. Pleasanton, October 9; Pearsall vs. Uvalde, October 10; Hondo vs. Cotulla, October 11; Dilley vs. Lytle, October 12. All conference teams and conference games.

Social Events
The principal social event of South Texas is the coronation of the Win-

ter Garden Fair Queen and Ball. More than 30 towns in South Texas are sending their pick of beautiful girls for the event Friday, October 11. Four nights of dancing on hardwood floors has been arranged for. The first night will be for old time music and the old timers are to be admitted free to this event. The last three nights, however, the best music that can be procured has been engaged, namely, Jimmie Klein and his Original Sun Dodgers.
The Battle of Verdun will be re-enacted in all its splendor of fireworks in one of the completest exhibits of fireworks ever shown in this section. Much time and money has been spent on this one feature for Thursday night at 8 p. m. Hundreds of signal rockets, flares, hand grenades, barages will be displayed with the accuracy of an actual battle.

Attorney General to Speak
The Hon. Robert Lee Bobbitt, Attorney General of Texas, will speak at 10:30 a. m. Thursday. Mr. Bobbitt's keen insight into the present political situation in Texas makes him one of the outstanding figures in Texas politics.

Every visitor to the Winter Garden Fair on Thursday, October 19, will be served free a delicious barbecue dinner at 12 noon. Henry Mann, who for years has presided over the barbecue pits, will again be chef, and the many calves, kids and young beef are now fattened for this event and will be in prime shape.

OAKLAND USES HARDEST MATERIAL MADE BY MAN

Precision Steel-Cutting Tools Tipped With Carbony

The hardest material ever manufactured commercially by man—a material so hard that it scratches glass like a diamond—now is being used by the Oakland Motor Car company to provide tips for steel cutting machinery in several precision operations on both the Oakland and Pontiac Sixes.

The material is called carbony, a tungsten carbide which has none of the properties of steel but which is infinitely harder than the hardest of high-speed steel. Its ingredients are carbon, cobalt and tungsten, the latter being the element from which electric lamp filaments and the contact points of automobile ignition systems are made. While approximating the hardness of a diamond, carbony is slightly less brittle and therefore does not chip so easily.

Although diamonds the size of a pin-head have been manufactured by subjecting carbon to tremendous heat and tremendous pressure, the cost has proved prohibitive and artificial diamonds too small to be of commercial value. The manufacture of carbony also is relatively expensive—it costs \$1 per gram—but only a very small piece is needed, just enough to provide a carbony tip weighing six to twelve grams on a base of steel. On precision machining, carbony has proved so extremely efficient that cutting operations may be held within the limits of two ten-thousandths of an inch.

Experiments in the manufacture of carbony first were made during the War by German scientists seeking a substitute for the blockaded supply of diamonds used in drawing resistance wire. American scientists recently improved upon the German methods of manufacture and succeeded in producing a material equally hard but less brittle than the German

product.
An apparent anomaly in connection with use of carbony at the Oakland-Pontiac plants is the fact that the cutting tools employing this material must be relinshed with a much softer abrasive wheel than used to relinish high-speed steel tools which are not nearly so hard as carbony. In the language of the factory, the hard relinishing wheels "do not touch" carbony while the wheels of comparatively soft material do a perfect job of relinishing.

LARGE PRODUCTION OF CHEVROLETS.

The Chevrolet Motor Company announced here today that more than 1,200,000 of the new six cylinder Chevrolet cars have been placed on the road since the first of the year.

This achievement accomplished in little over nine months, is three times the best showing of any other manufacturer of six cylinder cars in a calendar year and tops Chevrolet's record total for the entire year of 1928.

It is now certain that six cylinder production will set a world record this year, surpassing for the first time in the history of the industry the output of four cylinder cars. This leadership of the sixes will come about chiefly because of Chevrolet's record showing this year.

Chevrolet factory officials declare that the dominating reason back of the leadership of the six is the public preference for the advantages which this type of construction affords. They point out too that the influence of great volume production, which has enabled the industry to get six cylinder prices down to the lowest on record and has made it possible for Chevrolet through maximum volume to offer six cylinder performance at a price that formerly bought only a four.

With a new yearly record already assured, Chevrolet factories are continuing on the biggest Fall production program ever undertaken by the company. Nine assembly plants and seven large manufacturing plants are facing the busiest final quarter that Chevrolet has ever known.

The heavy Fall factory program was made necessary, it was explained, to bring production up to the level of the demand and make possible quicker deliveries to owners.

Egg production, hatchable eggs and the health of the farm poultry flock in the winter often depend upon the amount of direct sunshine to which the birds are exposed. Sunlight that has passed through ordinary window glass is not effective.

FARM LOANS

The Hondo National Farm Loan Association, H. E. Haass, Sec.-Treas., Hondo, Texas, representing 260 borrowers with \$1,025,280.00 borrowed, is prepared to make farm loans anywhere in Medina County under the Federal Farm Loan Act at 5 per cent interest and 1 per cent 36 year amortization repayment plan. Sixty-two thousand Texas farmers have taken advantage of this system of borrowing over one hundred eighty-one million dollars. Why not you? Former restrictions have been taken off and you may borrow for any purpose provided for in the Act, as a farmer only.

FAME OF SARGON NOW SPREADS OVER NATION.

When Sargon was first given to the world, well known authorities predicted it would become one of the great outstanding health-giving remedies of the age, but the men of science who labored for years to perfect it little dreamed it would become a household word in so short a time.

According to the statements of people everywhere who have actually put it to the test, it is restoring literally hundreds of thousands of weak, rundown, half-sick discouraged men and women by some of the latest and most advanced methods known to Medical Science.

The demand for Sargon is probably without parallel in the history of the drug trade. In the State of California alone, it required over one million bottles to supply the people of California during the first twelve months after it was placed on sale.

One big New York firm, with wholesale houses in leading cities, has sold and distributed 908,184 bottles in the past eight months, or at the rate of one million and a quarter bottles per year.

Kansas City wholesale and retail firms have sold and distributed over 300,000 bottles within twelve months, or an average of almost one bottle for every family in the State of Kansas.

Texas dealers required nine carloads the first four months. In the Northwest, the Twin Cities of Minneapolis and St. Paul have been selling at the rate of over \$100,000 per year, to say nothing of the immense wholesale distribution. Sales in other sections have been correspondingly large.

Back of Sargon's triumph in the drug stores is Sargon's triumph in the homes. When a suffering man or woman finds a medicine that helps them, they invariably tell their friends about it, and in this way

the fame of Sargon is spreading from coast to coast, sweeping the country like a great tidal wave.

No matter where you go—North, East, South or West—Sargon is bringing health to thousands, and many foreign countries are now for it.

SEE "BROADWAY".

"Broadway", the elaborate movie-tone version of the celebrated New York stage success comes to the Aztec in San Antonio for a week beginning Saturday.

A host of screen and stage celebrities play important roles in this daring spectacle of New York night life, including Glen Tryon, Evelyn Brent, Merna Kennedy, Robert Ellis and others.

The largest set ever constructed for sound pictures depicts the Paradise Night Club where a major part of the story is unfolded. Two score Broadway beauties serve as atmospheric background in the night club revue with Gus Arheim's Coconut Grove band in accompaniment.

"Sing a Little Love Song", "Hit the Ceiling", "The Chicken or the Egg", "Broadway" and other equally famous melodies written by De Sylvia, Brown and Henderson, are featured in the mammoth spectacle.

On the Aztec stage, Les Collins, the exact double of the late Rudolf

SAVE MONEY

Ownership of a Pontiac Big Six is an experience in economy. True, most people choose Pontiac, not because it is so inexpensive, but because of the many big car advantages which it provides. But it is a fact that with a Pontiac you actually save money. You save—

When You Buy . . . When You Drive . . . When You Trade It In

You save when you buy a Pontiac because it is the lowest-priced car ever produced which offers so many advantages. You save when you drive because, according to a large corporation which employed 996 cars of 33 different makes during 1928, Pontiac costs one cent less per mile to operate than any other low-priced six. You save when you trade it in because the demand for used Pontiacs has always exceeded the available supply. Come in to see and drive the car which offers all these advantages.

P. T. A. COUNCIL MEETS AT MAVERICK.

Enthusiastic Gathering; Hondo, Seco,
Shookville, Yellow Banks, Riomedina
Black Creek and Maverick
Represented.

A full house greeted the officers of
the P. T. A. County Council and the
speakers of the afternoon on their
arrival at the Maverick school at Cliff
last Friday afternoon and an inter-
estingly instructive and entertaining
meeting was the result.

Superintendent W. N. Saathoff
presided over the meeting and in the
absence of the secretary, Mrs. Ora
Gossett Griffin of Devine, Mrs. Naomi
Griffin was selected to serve at the
secretary's desk. The meeting was
opened by the assembly singing
"America", with Mrs. Raymond Schu-
chart as accompanist. This was fol-
lowed by the recitation of the P. T.
A. Creed.

Superintendent Saathoff then intro-
duced Mrs. A. N. Mangold, who de-
livered the address of welcome.

A violin selection, "Zerline Waltz",
was rendered by Miss Tusnelde Wur-
bach and Master Clyde Mangold, with
Miss Suspt. Saathoff then addressed the
gathering and, among other things,
said, "Our schools are inadequate to
accomplish the work of fitting out
boys and girls . . . it behooves us to
look after our boys and girls . . . an
untrained and ignorant people are an
expensive proposition . . . parents are
prone to warn against pitfalls of the
world but neglect the things that
mean health and straight thinking . . .
the late war disclosed the fact that
the nation has one and one third mil-
lion young people untrained and un-
fit, the result of growing up under
unfavorable conditions . . . these un-
trained and unfit boys and girls are
now taking the place of those who
were killed during the war . . . the
cure for these ills to be favorable
conditions, pre-school medical and
dental examinations and the selection
of teachers with broad school aims,
teachers with whom you can trust
your children and who are capable of
developing character . . . educate to
develop the whole soul, a conception
of the big things of life, so as to fit
into the big machine of existence.
Mr. Saathoff closed by compliment-
ing Maverick on her favorable con-
ditions; modern building; splendid
teachers; and the school's score of
1000 or more units in the rating
given by the State Department of
Education.

The assembly was then given a
treat by the rendition of Percy
Granger's "Country Gardens" by Mrs.
Milton Wurzbach, a talented pianist.
As an encore she played "Imitations
of an Old Fashioned Music Box."

Mrs. Marek of Yoakum, P. T. A.
Chairman of the 5th District, spoke
on "Partnership of School and P. T.
A." She stressed co-operation and
an educated parenthood—a paren-
thood that can better understand our
children. Mrs. Marek closed by ex-
tending to all P. T. A.'s an invitation
to attend the state meeting of the
association at Waco in November.

Mrs. A. F. Wakefield, State Chair-
man of Social Hygiene, followed Mrs.
Marek, and spoke along the same
lines, making a strong plea for an
informed parenthood. Mrs. Wakefield
gave out the statement that all should
be proud of—that this year Texas
ranks first in examination of school
children.

A vocal solo, "In the Garden of
My Heart", by Mrs. J. F. Wurzbach
with Mrs. Milton Wurzbach as ac-
companist delighted the audience.
Mrs. W. O. Rothe, in behalf of
Seco School, extended an invitation
to the Council to hold the next
meeting at Seco. This will be held,
probably, in December.

At the close of the meeting the
members of the Maverick P. T. A.
served a lovely two-course luncheon,
consisting of fruit salad, cheese sand-
wiches, saltines and stuffed olives
and brick ice cream and light and
dark cake, to all and an enjoyable
social hour was spent.

C. F. Haass, section foreman from

brother, Adolph, and other relatives.

BIRTHDAY DINNER PARTY.

Little Miss Evelyn Knopp was the surprised and happy honoree at a beautifully appointed dinner party at her home on Tuesday from 5 to 7, the occasion being the anniversary of her ninth birthday.

Games were played on the lawn, but the feature of the evening came when the small guests donned colorful caps and marched into the dining room where green and pink bouffant frocked dollies held dainty place cards. The long table held for its centerpiece a big birthday cake, with beautiful baskets of flowers at either end, between which tall green and pink tapers in silver candle sticks were not brighter than the wee maids' faces. A delectable course of creamed chicken in patty shells, waffle potatoes, pickles, and green-iced orange, followed by ice cream and cake was served. In cutting the cake Ethlyn Ney cut the ring, Mary Ann Noonan the nicker, Jackie Pearl Bradley the dime and Jackie Cameron the button.

In the contest for the best pig drawn while blind folded, Mary Ann Noonan was the successful artist, while Patty Ney was consoled for the least successful artist. Mildred Frericks and Mary Jane McLaugherty were the winners in the other contest. The little girls present were: Kathleen Reilly, Mary Elizabeth Meyer, Elva Westfall, Ethlyn Ney, Patricia Ney, Mildred Frericks, Jackie Cameron, Jackie Pearl Bradley, Ora Nell Heinke, Elsie Marie Muennink, Frances Ruth Fly, Bettie Jean Merriman, Velma Carter, Billie Merritt, Mary Ann Noonan, Helen Louise Benton, Foy Iris Carter, Mary Jane McLaugherty, Margaret Ann Knopp and the honoree.

YANCEY NEWS.

A quilting party was given Mrs. F. H. Roensch, at the Methodist Tabernacle, by the ladies of the community. Dinner was served and a real enjoyable day was spent.

Misses Lucile Shultz, Violet Hall and Grace Lewis, three of our accomplished lady teachers, have been chosen to represent Yancey at the Pearsall fair, as princess and duchesses respectively.

Miss Annie Paul Null of Muldoon is visiting her parents, Mr. and Mrs. H. H. Null.

Messrs Tom Jones and Charles Burgin left for San Antonio on business and will be gone for several days.

Mrs. G. C. Houseworth of Wharton came out for a visit with her parents, Mr. and Mrs. W. M. Caughan.

Mr. Manford Burgin left Thursday morning for San Antonio after several week's stay with homefolks.

Mrs. McCrea, Misses Beulah Warty, Lewis, Hall and Shultz were shopping in San Antonio Saturday.

Miss Pearl Oeffinger left Sunday for San Antonio where she may enter business college.

A BIRTHDAY PARTY.

On Friday evening, September 28, J. Schuehle celebrated his twelfth birthday with a party. After several games of bunco, prizes were awarded to Mary Emma Finger, Geraldine Ney, John Crouch and Ralph Noonan.

Following this cake, punch, sandwiches and cookies were served to the following: Genevieve Brucks, Mary Ruth Wilson, Doris Windrow, Bernice Chancey, Bernice Speece, Mary Emma Finger, Frances Sauter, Geraldine Ney, Geraldine Wright, Billy Fusselman, Rosania Taylor, Ruth Lawson, Anna Laura Welhausen, Adelle Carter, Dorothy Zerr and Mary Ann Noonan, Chester Stielger, Ralph Noonan, John Crouch, Carroll Jones, Benjamin Oeffinger, Jimmie Smith, Melvin Finger, Robert Zerr, Olen Loch, Clinton Jagge, Harvey Renken, Martin Noonan, Thomas Holloway, Roy Schweers, Jack Fitzpatrick and J. ENTOMOLOGIST TELLS HOW TO GET RID OF FLEAS.

Fleas are causing widespread and serious annoyance in practically all parts of the United States this summer. Entomologists of the United States Department of Agriculture believe that one of the reasons for continuation of flea plagues is the general lack of knowledge as to the flea's requirement for living, and to failure to apply the preventive known to be effective.

"All fleas," says F. C. Bishopp of the Bureau of Entomology, "must have blood to enable them to reproduce. Infestations by fleas are always connected, either directly or indirectly, with the sleeping places of such animals as dogs, cats, hogs, or chickens. The fleas lay their eggs while they are on the animal. The eggs fall among the debris, usually in the sleeping places of the animals, and soon hatch into slender maggots which live in the dust and produce another brood of adults in from two weeks to three months. The adult fleas can live for several weeks without food, which explains how hordes of hungry fleas may greet one on return from a vacation.

"To combat fleas," Mr. Bishopp advises, "locate the breeding places and spray lightly but thoroughly with creosote oil. Use a good force pump. Creosote stains considerably, but if used carefully it may be used in basements and outbuildings. This treatment is desirable for chicken houses and runs. If fleas are breeding under the rugs or in cracks in the floor, remove the rugs, hang them in the sun and beat them thoroughly. Wipe the floors with gasoline. Flaked naphthalene scattered over the floor of a room is effective. Use about 5 pounds, and close the rooms for 8 or 10 hours. Dust the infested animals with pyrethrum or derris powder."

HOW WE ROUTED THE RATS.

By Mrs. Irvin Pickle.

The best way we have found to rid a place of rats is to allow an old mother cat and kittens living quarters in the barn or other places infested with rats.

One year they were so bad on our place that they not only ate and wasted quite a lot of grain, but would break up my setting hens and eat their eggs. They would also get into the brood coops at night and kill young chickens.

We obtained an old cat and kittens from a neighbor and put them in the barn. In a short while the rats all disappeared. What the

mother cat didn't catch and bring to her babies took warning and sought board and lodging elsewhere. We have tried poisoning, trapping and gassing them but have found nothing equal to cats. Just the sight of a cat will cause the rats and mice to leave.

Cats are almost self supporting. When they can't find any mice and rats, they will catch rabbits that come around to ruin young fruit trees or get into the vegetable garden and eat the young vegetables. Cats will also catch gophers and other such pests. We find a cat on the place to be worth many times its keep.

Luck Changing—Bimbo—"I suppose you've had a lot of chumps dancing on your feet tonight?"

Flapper—"No, you're the first one."—Pathfinder.

Polygamy?—Percy—"Many a heart was broken when I got married."

Flage—"Heavens! How many women did you marry?"—Ex.

WINDROW STARS AS OWLS MEET DEFEAT; HEAVY LOS ANGELES BEARS WIN 26-12

Hondo Team Shows Improvement;
Furnished Good Interference
For Receiver on Kickoff

By Kooter MacGrail

Although they were playing a much heavier and experienced team, the Hondo Owls fought desperately and were glorious in defeat when they lost to Los Angeles Heights 26 to 12. The Golden Bears of San Antonio took advantage of several breaks and their weight to push back the local team. The Owls did not know when to give up nor would they. The Hondo boys were fighting harder and playing better ball at the final gun than at the start of the game. Finding that they were unable to push back the heavy line of the San Antonio team, the Owls played the offense on the Los Angeles punts; furnishing perfect interference for their captain, who raced 95 and 90 yards to two touchdowns.

The Owls showed vast improvement over the previous week. The players were tackling harder and putting more into the game. Pettis and Mask came forward to take a goodly share of the glory as did Speece. Only one time did Los Angeles get past Pettis at end, while Mask and Speece stopped the Bears' backs many times with powerful tackles. But, the one fact that was predominating was the fine interference that the Hondo team gave the man carrying the ball. In the first quarter Los Angeles kicked to Windrow, who picked up the ball on his 5-yard line; started down the left side of the field and when it appeared that he would be run out-of-bounds reversed his field; side-stepped a would-be tackler; accepted the protection given him by the Owls; and carried the 95 yards for the first down.

In the last quarter with Los Angeles three touchdowns in the lead, Hondo repeated its lesson for the Bears. This time Windrow took the ball on the 10-yard line and started passing the chalked markers. When on the 35-yard line it appeared that he would be tackled but Pettis and Rucker took three Los Angeles players, and Windrow raced the remainder of the 90 yards for the final score of the game.

First Quarter

Los Angeles chose to receive and Bailey kicked to the 30-yard line with McClellan returning the ball to the 40-yard marker. Los Angeles penalized 5 yards on the first play. The Bears made 7 yards at center. Los Angeles got a yard at right end. The game was featured from the start by the hard hitting drives of the Bears' backs and the likewise hard tackling of the Owls. The Bears got another yard at right tackle. Weimer kicked 42 yards to Hondo. Windrow circled left end for 23 yards and the first first down of the game. Jones lost 3 yards at the right side of the line. Hondo failed to complete a pass. The Owls failed to complete a second pass and were penalized 5 yards. Los Angeles returned the kick 3 yards. Los Angeles made 4 yards at left end. The Bears made first down with 8 yards around right end. The Bears were penalized 5 yards. Pettis broke up the next play of the Bears for no gain. Los Angeles punted from the 50-yard line and Windrow picked up the ball on the 5-yard line and ran 95 yards for touchdown. The kick for goal was wide. Score, Hondo 6; Los Angeles 0. Bailey kicked to the 25-yard line and Los Angeles returned the ball 12 yards. The Bears got a yard at left end. Los Angeles made 2 yards at right end. Los Angeles completed a 7-yard pass and made first down as the receiver went 2 yards before being stopped. Los Angeles was penalized 5 yards. The Bears made 5 yards on each of two plunges at left tackle. Los Angeles made first down on a 7-yard drive through right tackle. The Bears got 2 yards at left tackle. Mask broke up the next play of the Bears as the quarter ended. Score, Hondo 6; Los Angeles 0.

Second Quarter

Ezzell in for Stokes of Los Angeles. The Bears made 2 yards at right tackle. Ezzell cut through right tackle for 16 yards to the 11-yard line. The Bears got 2 yards at left tackle. Mosley in for Horton of Los Angeles. The Bears made 4 yards through center. Los Angeles made 2 yards at left end. Los Angeles his right guard for 2 yards to give them first down on the 1-yard line. Ezzell plunged the ball over for touchdown. Point was made by Weimer on a line buck. Score, Hondo 6; Los Angeles 7. Los Angeles kicked to the 25-yard line and Stanley returned the ball 14 yards to the 39-yard marker. Windrow made 4 yards around left end. Jones was stopped. Hondo kicked to the 30-yard line and Los Angeles brought the ball back 11 yards. Los Angeles was penalized 25 yards. Fusselman in for Pettis of Hondo. Ezzell made 7 yards. The Bears were stopped with no gain at right tackle. Los Angeles made 2 yards at right tackle. Speece stopped the runner with a hard, low tackle. Los Angeles made a yard for first down at the left side of the line. The Bears made 6 yards at left end. A pass was incomplete. Speece threw Los Angeles for a 2 yard loss. G. Lewis kicked to the 28-yard line and Pettis killed the ball. Windrow made 3 yards around right end. Jones hit left tackle

for 7 yards and first down. Finger lost 3 yards. Windrow made 9 yards. Jones made 2 yards. Windrow was stopped. Jones was stopped and the ball went over to Los Angeles. The Bears made 3 yards through center as the half ended. Score, Hondo 6; Los Angeles Heights 7.

Third Quarter

Windrow returned the Los Angeles kickoff from the 20-yard line to the 35-yard marker. Hondo lost 2 yards. Weimers intercepted Hondo's pass on the 43-yard line. Ezzell made 5 yards around left end. Weimer made 3 yards around right end. Los Angeles was penalized 5 yards. Ezzell cut through left tackle for 26 yards before being stopped by Windrow, who cut through the Bears' interference, on the 25-yard line. Los Angeles got 2 yards on the left side of the line. Weimer made 4 yards at right tackle. Los Angeles got 7 yards at left tackle. The Bears hit left tackle for 5 yards and first down. Weimers plunged over center for touchdown. Windrow stopped the plunge for point. Score, Hondo 6; Los Angeles 13. The Bears kicked to the 20-yard line and Finger returned the ball 15 yards. Windrow lost 5 yards. A pass was incomplete. Windrow kicked 39 yards and Los Angeles returned the ball 2 yards. The Bears made a yard at left tackle. Los Angeles got 3 yards over right tackle. Los Angeles lost 3 yards on a poor play. Windrow took the punt and was downed on the 22-yard line. A pass, Windrow to Stanley was good for 4 yards. Windrow made a yard at left end. Stanley was knocked out, but recovered and remained in the game. Hondo kicked 58 yards and killed the ball. Pettis in for Stanley. Los Angeles penalized 15 yards. Los Angeles was penalized 5 yards for talking back to the referee. Murray in for Speece. Los Angeles kicked to the 50-yard line where the ball hit Finger and Los Angeles recovered. Quarter was over before another play could be executed. Score, Hondo 6; Los Angeles 13.

Fourth Quarter

The quarter opened with the Bears in possession of the ball on the 50-yard line and first down. Rucker in for Mask. Los Angeles made 4 yards at right tackle. Weimer made 4 yards. Weimer made a yard. Rothe in for Murray. Los Angeles made first down on a 2 yard buck at left tackle. The Bears made 4 yards at left tackle. Los Angeles lost 2 yards as Hondo broke up the spin play. Hondo penalized 5 yards. The Bears made a yard at left end for first down. Weimer made 2 yards at right end. The Bears made a yard on each of two more stabs at right end. Pitts completed a lucky pass on the 4-yard line giving Los Angeles first down. The Bears made a yard at center. L. Lewis hit the line for 3 yards and touchdown. Weimer went through right tackle for point. Score, Hondo 6; Los Angeles 20. Haegelin in for Leinweber. Los Angeles kicked to the 10-yard line and Windrow returned the ball 20 yards. Weimer intercepted Windrow's pass on the 50-yard line and went 15 yards before being stopped. Wilson in for Finger. Ezzell broke loose and ran 27 yards to the 8-yard line before Haegelin downed him. Los Angeles made 2 yards at left tackle. The Bears got 4 yards at right tackle. Rogers in for Lewis of Los Angeles and Rucker in for Droicourt of Hondo. Hendericks hit center for touchdown. DEL RIO TO START EIGHT VETERANS AGAINST OWLS IN FIRST DISTRICT GAME

Hondo Outweighed; Wildcats
Captained by Adams
Brothers

When Hondo goes on the field at Del Rio Saturday against the district champs for the first district game, the Owls will have three disadvantages to overcome. The Wildcats are using eight of their 11 linebackers in the starting line-up; they carry an weight advantage of 21 pounds on the Owls; they are playing on their home field and will be supported by a large crowd of loyal fans.

Around Del Rio's one handicap, the regular punter, Duke, being out of the game, the Hondo team intends to build their offense and put the Wildcats to rout. Both teams have tasted defeat and victory this year. Del Rio lost its first two games to San Angelo and Junction 7 to 0 and 14 to 6 respectively. Last week the Wildcats turned the tables and swamped the Rocksprings team 59 to 0.

There is only one change in the Hondo line-up from that which started against Los Angeles last week, Jack Fusselman will start in place of Leinweber at halfback.

The Del Rio team is captained by the Adams brothers. B. Adams, the backfield star of last year, is the leader of the Wildcats, while M. Adams, the strength of Del Rio's line, captained that part of the team.

The two teams will line-up for the opening kickoff as follows:

Hondo	Del Rio
24 Pettis	Word 33
Left end	
12 Steinle	M. Adams 36
Left tackle	
6 Mask	Taylor 29
Left guard	
11 Droicourt	Cope 30
Center	
3 Speece	Darr 32
Right guard	
13 Bailey	Hutchinson 25
Right tackle	
19 Stanley	Ogle 31
Right end	
1 Windrow	Hodge 0
Quarterback	
4 Finger	Love 43
Halfback	
10 Fusselman	De La Fuente 40
Halfback	
18 Jones	B. Adams 35
Fullback	

For the benefit of Hondo fans who will attend the game, the following is the name, jersey number and position played by the Del Rio reserves. Hunter 28, Laughlin 24, ends; Baker 27, Gordon 38, tackles; Buechy 37, Adie 38, guards; Forrester 41, center; Duke 26, quarterback; Nixon 23, Davila 42, halfback; and Wardlow 34, fullback.

HONDO GIRL WEDS IN CANAL ZONE.

A prominent marriage took place Tuesday afternoon when Miss Alice Moerner, daughter of Rev. and Mrs. Moerner of Hondo, Texas, arrived from New Orleans on the S. S. Saramaca to become the bride of the Rev. William E. Chapman, who came from his post to meet her in Colon. The ceremony was performed by the Rev. R. R. Gregory at the American Bible Society Thursday afternoon, September 19.

The bride wore a charming ensemble of transparent brown velvet with a silk blouse, her matching hat and shoes completed the becoming attire. She carried a bouquet of gladioli, and roses. Her only attendant was Mrs. I. C. Kidd.

The best man was Mr. E. James of the United States Department of Agriculture, who is at present a delegate to the Pan American conference being held in the Republic of Panama. The bride, who was for some years a student of Tulane University in New Orleans, was met by Captain J. M. Kidd upon her arrival at the S. S. Saramaca and was a house guest of Captain and Mrs. Kidd until the wedding.

Preceding the ceremony Mr. Chapman with his bride-elect presided at a beautifully appointed luncheon at the Washington Hotel with the following guests, all of whom were in attendance at the wedding: Captain and Mrs. Charles S. Kerrick, Colonel Joseph F. Cohn, Commander and Mrs. C. Kidd, Mr. R. D. McAfee, Mining Engineer, Vice-Consul Harry D. Reiner, and Mr. E. W. James, Bureau Public, who is a delegate to the Panama Highway conference to be held in October.

An interesting feature of the pre-wedding luncheon was that five departments of the United States Government were represented, State, War, Navy, Agriculture and the Panama Canal. Mr. Chapman was formerly U. S. Consul at Monterrey, Mexico, and was sent one year ago to establish a consulate at Cali, Colombia, S. A. Mr. and Mrs. Chapman are planning to visit the Pacific side prior to their sailing on the twenty-sixth of this month for Cali where they will be at home after the first of October in the American Consulate at Cali, Colombia, South America. From "The Atlantic Side", a paper published in Cristobal, Canal Zone.

CARD PARTY.

On Friday night, September 20, a card party was given at the home of Mr. and Mrs. Chas. Krenmueller. Over fifteen games of pitch, the prize for high score for the ladies was won by Goldie Bilhartz. Low score was held by Irene Neumann. Marvin Haas was awarded first prize for high score for the young men. Goldie Krenmueller received the trophy.

At twelve o'clock cake and lemonade were served to the following: Mr. and Mrs. Chas. Krenmueller, Mr. and Mrs. Armin Bendele, Mr. and Mrs. Lee Wernette and son, Mrs. Bert Bilhartz and Mrs. Jake Haby; Miss Pauline, Marcella and Adeline Krenmueller, Ethel and Thelma Bendele, Goldie, Elva Bell and Thelma Bilhartz, Lela, Alice Irene, Minnie and Emilia Neumann, Ophelia, and Minnie Haby; Messrs. Charles Jr., Walter, Joe and Alvin Krenmueller, Clarence, Joe, Bert, Happy and Alvin Neumann, Ferdinand Rihn, Harry Haby, Oscar, Paul and Alvin Bendele, Marvin Haas.

UB GIRL SEES NO BAD LUCK IN THIRTEEN.

A 4-H club girl in Dallas county sold \$63 worth of eggs and chickens in 13 Rhode Island Red hens in less than six months' time. She is Berntha Thompson of the Coppell demonstration club. Keeping them in houses built of lumber and wire, she gathered an average of 95 eggs from each of her hens during this period. This is her demonstration flock, and she has a small flock of English White Leghorns she has made a hit of \$78.79 this year. She is now in high school and plans to take enough from poultry to put her through college.

Thirty other club girls in this county are in the standard bred poultry business in demonstrations conducted in co-operation with Miss Clark, assistant home demonstration agent.

The poultry flock needs a yard of its own and should not be allowed to roam over the premises with cattle and hogs. Fresh, sweet land is invaluable for poultry, and the yard should be large enough so that the land can be cultivated and sown to a crop. A good grass yard can be maintained on fertile soil by having from 220 to 260 square feet of land per bird. More space is necessary on poor grass land.

Eggs for hatching should be kept in a cool place free from drafts and excessively dry. A basement or cellar is a good place.

A Good Little "Devil"

Jaynet Gaynor in "4 Devils"
Fox Picture

Within two years from the time she appeared as a timid little extra, Janet Gaynor's ability has swept her to the topmost pinnacle of her profession. She is little affected by the envious position she occupies. During her leisure hours she is just a normal American girl, fond of dancing and a day on the sands in front of her modest home on the shore of the Pacific. She drives her own car and loves good books.

From the pathetic drab little wife in "Sunrise" to the girl acrobat in "Four Devils" is the story of her meteoric rise to fame. In "Four Devils," she has a role that allows her every opportunity for wistful, lovable and romantic artistic portrayal and she again scores a complete hit.

"Four Devils" is the latest Wm. Fox Movietone production to play the Greater Majestic theatre in San Antonio. It starts its engagement there next week, and will be supported by a brilliant vaudeville show that includes such sensational and well known acts as "Four Aces and a Queen," "The Courtnet Sisters" and "Billy Wells and the Four Fays."

A forthcoming all-talking picture that is attracting much attention from the critics, is Will Rogers, in "The Had to See Paris." The inimitable cowboy comedian, whose forte is talking, comes into his own on the screen in this hilarious Wm. Fox Movietone production, which will soon be seen at the Greater Majestic theatre in San Antonio.

DRESSING TURKEYS PAYS WELL

IN NORTH PLATTE DISTRICT.

Increased profits from turkey raising as the result of co-operative marketing of the dressed fowls has proved an incentive to farmers in the North Platte irrigation district in western Nebraska. "Marketing dressed turkeys in car lots," says D. H. Propps, of the Bureau of Agricultural Economics in the Yearbook of the United States Department of Agriculture, "is one of the most practical of co-operative marketing projects."

"The growers in a county or district," Mr. Propps explains, "determine approximately the number of turkeys available for sale. Representatives of the growers get in touch with prospective buyers and receive from them sealed bids which are opened at a stated time. The entire number is then sold to the highest bidder, who then fixes the dates on which he wishes the dressed birds to be delivered. The farmers dress and cool them overnight on the farms. The birds are weighed, graded and paid for as they are delivered. The purchaser bears all expenses and assumes a responsibility after the birds are received."

Turkey growers realize from 50 cents to \$1 for the labor of dressing. This represents from 15 to 20 per cent of the value of the turkey, and is fully three-fifths as much as the entire feed cost of raising and fattening the birds in the North Platte district. In 1927 the growers sold nearly 25,000 birds, and netted about \$18,000 for the work of dressing. At turkey-dressing time neighbors often change work, and if one grower is inexperienced he can usually get a neighbor to show him the best method of dressing the birds. Farm dressing is usually better done than in commercial establishments and buyers consider this when bidding for the turkey crop. The fact that turkeys move to market so largely just in advance of Thanksgiving and Christmas is a point in favoring the co-operating sellers.

Does the serving of soups in summer seem a strange idea? You will find it is a good one. Too often cold foods, cold beverages and cold desserts constitute the whole of our summer luncheons and dinners. And all this coldness is rather hard on the digestive organs, which need hot foods as badly in warm weather as in cold.

A warm soup at the beginning of a summer meal is an excellent digestive preparation for the cold food which is to follow. Especially if one is tired, the soup at the beginning of the meal acts as a slight stimulant. A clear soup, or a delicately seasoned soup of celery, tomatoes, peas, asparagus or other vegetable makes an excellent start.

Fortunately, the homemaker need not bother to prepare all these in warm weather, for there are excellent soups which may be purchased ready to heat and serve.

Following are several luncheon and supper menus which have a hot soup at the beginning, while the rest of the meal is comprised of cold dishes:

Cream of Celery Soup
Potato, Cucumber, Tomato and Egg Salad—Mayonnaise Dressing
Cold Ham or Summer Sausage
Sweet Pickle, Rolls
Sponge Cake with Sliced Peaches
Fruit Punch (Iced Tea, Grape Juice—Lemon)

Cream of Tomato Soup
Cold Halibut, Haddock or Salmon—Horseradish Dressing
Combination Salad of Tomatoes, Green Pepper and Cucumber—French Dressing
Chilled Peaches or Berries
Crackers and Cheese

Cream of Pea Soup
Fresh Fruit Salad
(Peaches, Bananas, Melon, Apple) with Cream Cheese Dressing
Brown Bread and Butter Sandwiches
Cookies—Iced Tea

To prepare a delicious Horseradish Dressing, add to 1/2 cup of Mayonnaise Dressing 1 tablespoon evaporated horseradish mixed with 2 tablespoons cold water.

An excellent Cream Cheese Dressing is made by mashing 1 package Philadelphia Cream Cheese and adding 1/2 cup Mayonnaise Dressing. Serve over fresh fruit salad.

Water with which dairy utensils are scalded must be boiling hot to be effective. The method sometimes used of rinsing one utensil after another by pouring water from one to the next one does not sterilize them. By the time the last ones are reached the rinse water which was boiling hot to start with has become cooled and so of rinsing one utensil after another may be worse than useless.
